I'm so happy that my friend Claire asked you to create your musical pieces because they were just amazing!! Claire and I are so proud of you all - you helped us so much with creating our own musical piece and you helped us to escape the peculiar place that we found ourselves in. We were very scared when we ended up there, and even though we're in the same class, we hadn't really spoken much before...but we're so happy that we had the chance to get to know each other. I think Claire and I will be friends forever after that experience! No matter where we are, we'll know that we have each other. I didn't know that Claire was so talented, and I think she was a little shocked at my 'hidden talents' as well. I've been so distracted recently, with the big move and everything, and Claire helped me to realise that everything will be ok! Even if I am moving to a different area, I still have my friends and they're only a phone call away. Moving will give me the chance to make some new friends, but I know that my friends from school, like Claire, will always be here for me too. I'll be able to meet up with them and Claire is already so excited to come and visit me in my new house! I can't wait to tell her what my new school is like and I hope she likes her new school too. I'm sure she will as there will be plenty of opportunities for her to be creative there! I'm sure she'll make lots of new friends too because she really is great!
