'Musical Masterpieces' lesson introduction.

### Claire

Everyone thinks I'm very funny, but I get in a lot of trouble because of just how funny I am...well...I don't really get into trouble because I'm funny but because I make people laugh...I do things to make my friends laugh but I always get into trouble. I just feel like I can't express myself in school. We're always doing Maths and English which I'm not very good at. I've asked my family to help but they're always too busy...I'm more of a creative person (backtracking) but that's a secret, don't tell anyone! I think that's why I try to make people laugh in school because I can come up with great jokes but when it comes to actually doing my work, I struggle. I would much rather be drawing an extravagant dragon or even singing or playing one of my favourite tunes...I just feel more comfortable doing that. I really enjoy art and music lessons...I even love it when we do drama in school - it makes me feel so happy, like I'm enjoying school and the best part is I don't feel like I have to make anyone laugh or tell any silly jokes when we're doing these things because everyone enjoys themselves so much. But speaking of music...my new friend Charlotte and I have to create a tune to help us escape this strange world we're in...I wonder if you could help us? I'm sure that, with your help, we'll be out of here in no time!
