Samantha

Do you know why I like working with others? Because I like being a valued member of a team. In a team we are all different and that's a good thing. It means we all have talents and skills and when we bring them all together, that's when we work best, learn from each other and enjoy ourselves the most. It's like a jigsaw where all of the different pieces fit together to make an amazing picture. Sometimes in groups people do not agree on the same things but the most important thing is to treat each other as equals and with respect. I think Betty always wants things to be perfect and puts a lot of pressure on herself to achieve this. But my mum tells me nothing or nobody is ever perfect. I hope Betty learns that she can be a member of a team, working together to complete tasks with people who make her feel welcome and valued but also want to have fun when learning. Remember: 'Alone we can do so little, together we can do so much!'
