

Dinosaur's Dinner

Charlotte Lecky

What do you think a Dino munches?

Slippery, Slimey, Scrumptious lunches?

Butterfly burgers, Caterpillar crisps,

Hairy horse hotdogs or Walrus Wisps?

Jellyfish jelly beans may be too bouncy...?

Leopard lollipops may be too pouncy...?

Toast made from Toads would be a terrific treat,

Expect for their webbed toes at the end of their feet...

Or maybe some Dinos just like to eat,
Green geckos, gorillas or fiery feet?
In actual fact, it's clear to see,
Their favourite munch is celery!
